MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: Possible Amendment to Public Law 110
Concerning Admission of Aliens

1. I fully agree with the General Counsel that no attempt be made to change the legislation relating to the entry of aliens into the United States for CIA purposes.

2. I believe it is interesting to note that of the 138 aliens who have entered the United States under this Act since its enactment, only one case was of sufficient concern to the Agency to make removal from the United States desirable. This was accomplished by pretext.
